

GOOD CAREERS

A C A D E M Y

IN COLLABORATION WITH THE ALAMO COLLEGES

Providing training, education, and employment opportunities to start, retain, or advance careers.

NURSE'S AIDE

This 9 week (132 hour) program prepares the student with the necessary skills to successfully complete the State of Texas skills and written examinations for Nurse's Aide, as well as to enter an entry-level position as a CNA in a health facility. Students receive an introduction to anatomy and physiology, medical terminology, infection control, communication and interpersonal skills, safety and emergencies, patients' rights, death and dying, medical law and ethical treatment, basic nursing skills, patient care and computer skills, including basic Microsoft Word training. Consideration is given to caring for the elderly, short-term patient care, caring for surgical patient or ambulatory patient, and caring for the terminally ill.
