# PHARMACY TECHNICIAN

This 36 week (905 hour) program prepares the student for entry-level employment in a pharmacy setting. The course introduces the student to the roles and responsibilities of a Pharmacy Technician in retail, hospital and institutional settings, professional liability, and ethics. Consideration is given to the fundamentals of emergencies, infection control, record keeping, safety and hazardous materials, trade and generic medications, pharmacy law, IV orders, anatomy and physiology as it relates to medication, and aseptic techniques. Minimum requirements for this program include: High School Diploma/GED and must be 18 years of age or older.
